Ba Ria – Vung Tau ranked the third with a total registered capital of USD 2.17 billion, accounting for 8.9% of total investment.

II. MAIN CHANGES AND DEVELOPMENTS IN INVESTMENT POLICY AND REGULATORY FRAMEWORK IN THE PAST YEAR (2017-2018)

As with all countries, Vietnam reserves its sovereign right to restrict investment in sensitive fields by setting conditions for ‘conditional sectors’ that investment projects must satisfy for the purpose of national defence and security, social order and safety, social ethics and community health. The Investment Law includes a comprehensive list of conditional sectors. However, to further create a favorable, transparent, equitable, safe and friendly investment and business environment for all citizens and enterprises, Vietnamese government released Resolution No. 19/NQ-CP on major tasks and solutions to improve the business environment and raise the national competitiveness. Under that Resolution, the Government requests ministries reduce business conditions in fields under their management. In the period of 2017-2018, there are some changes and developments in investment policy and regulatory framework as:

1. Decree No.46/2017/ND-CP prescribing regulatory requirements for educational investment operation.

2. Decree No.63/2018/ND-CP: on investment in the form of Public-Private Partnership (PPP) contract

3. Decree No. 120/2018 / ND-CP: Guiding the implementation of some articles of public investment law – To manage the investment in construction of a number of projects under the national target programs in the 2016-2020 period.

4. Decree No. 108/2018 / ND-CP: Amending and supplementing a number of articles of the Decree No. 78/2015 on business registration

5. Decree No. 100/2018/ND-CP dated July 16, 2018 amending and annuling some regulations on necessary business conditions in fields under the management of the Ministry of Construction.

8. Decree No. 08/2018/ND-CP amending and annuling some regulations on regulations on necessary business conditions in fields under the management of the Ministry of Industry and Trade.

9. Decree No. 09/2018/ND-CP detailing Law on Commerce and Law on Foreign Trade Management on activity of sale and purchase of goods and activities
directly related to the sale and purchase of goods of foreign investors, economic organizations with foreign owned capital in Vietnam.

The National Assembly has promulgated or amended many important laws to implement the Resolution of the XIIth National Party Congress to implement the Constitution of 2013, including the Law on Investment and the Enterprise Law. These laws have contributed to removing barriers to investment and business that are not compatible with the market economy and Vietnam's integration commitments, creating a legal basis for improving the investment and business environment towards greater transparency, transparency and equality among investors. Ministry of Planning and Investment have been preparing the Law amending and supplementing a number of articles of the Law on Investment and the Law on Enterprises and will submit it to the National Assembly and the Government in 2019.

Besides that, Ministry of Planning and Investment will host the Conference on 30 years of Foreign Direct Investment Mobilization in Viet Nam with the Topic of “30 years of FDI Mobilization in Viet Nam, New vision and opportunities in new era” on October 4th 2018. The Conference will have the honor to welcome the attendance of Viet Nam Prime Minister, leaders of ministries, provinces, business associations, diplomatic missions and international organizations, and leaders of business groups from various countries and territories. The Conference will review the past 30 years of FDI and propose orientations for future FDI attraction. Alongside with the Conference will be the Exhibition on the FDI’s Achievements in Vietnam, and various investment promotional and business-to-business initiatives.

Before the conference, Vietnamese government will approve the report to further improve institutions and policies to attract and use foreign investment capital in Vietnam by 2030. This project sets out new orientations and solutions that lead to fundamental changes in investment policy framework.

The above-mentioned issues are main changes and developments in the period of 2017-2018. Viet Nam has continuously improved its institutional framework and transparency to gradually align with international commitments and standards. The Government of Viet Nam has committed to creating favourable conditions for all investors and businesses, as they execute their long-term investment plan and actively participate in the global supply and value chain.
